

Would you like to know what vehicles you have sold and the average age, price rank and market % at the time of sale?

Released May 18th, 2010

Sold Vehicle Ranking report is a recent addition to LiveMarket. The Sold Vehicle Ranking report gives you a summary of vehicles that have been removed from the online environment. It outlines information such as the vehicles market position, price rank and age of the vehicle at the time it was removed, making this a fantastic sales report.

LiveMarket information is used to further improve the way your dealership sells vehicles whether that is on a weekly, monthly or quarterly basis.
